## PARKVIEW SUPERSPECIALITY HOSPITAL

Founded in the year 2018, the hospital is the vision and dream come true for its Founder Director, Eastern India's most experienced Advanced Laparoscopic and Bariatric Surgeon, Dr. V. K. Bhartia.

Located in Salt Lake, Parkview is a 77-bed, NABH Accredited highly super-specialized hospital, perhaps the only one of its kind in Eastern India, for treating blood related diseases like leukemia, thalassemia etc. Apart from this, it also has a well-equipped BONE MARROW TRANSPLANT UNIT where several Bone Marrow Transplants have been done with 100% success rates and this has been possible only because of the leadership and guidance of its HOD, Consultant Haemato-Oncologist Dr. Shilpa Bhartia MRCP, FRCPath. Apart from these, more than 2 thousand cases of chemotherapy have also been done here under her able treatment.

The other super-speciality branch here is the Minimal access Laparoscopic surgery which is headed by Eastern India's most experienced Advanced Laparoscopic and Bariatric Surgeon, Dr. V. K. Bhartia, whose forte is to permanently cure diabetes by metabolic surgery and who has several thousands of these surgeries, with almost 100% success rate, to his credit. For us at Parkview, the journey's just begun... a long way to go !!!

## From the Desk of the CEO...

As we continue to strive for excellence in healthcare, I am proud to lead a team dedicated to delivering compassionate, high-quality care to our patients.

Our hospital's commitment to innovation, safety, and patient satisfaction drives everything we do.

In this edition of our magazine, we will highlight some of our achievements, share stories of hope and healing, and showcase the tireless efforts of our staff.

I'm grateful for the trust our community has placed in us and look forward to continuing to serve with empathy, expertise, and excellence.

Thank you for being a part of our journey.
